Employment History

Self Employed

PRESIDENT, November 2018 - Present

- Advised customers on technological needs to improve their business.
- Advised clients on appropriate web development opportunities and technologies.

BrightHouse Networks

HELP DESK, March 2013 - March 2017

- Resolved network connectivity issues for small and medium-sized businesses and handled escalation calls.
- Saved the company 10,000's of dollars by troubleshooting and deescalating and solving FCC Escalations.

US Navy

PETTY OFFICER - MANAGEMENT, October 2004 - October 2012

- In my role as Torpedo Man 2nd Class, my main responsibility was in ensuring the weapons were up to inspection and ready to fire if ordered to do so.
- Saved the Navy over \$20,000 in repairs of damage control equipment by correcting over 75 inspection discrepancies leading to 98% scores on two damage control inspections, and ensured the USS Eisenhower was "battle-ready."
